2006-2007 Pell Grant CFL Reduction To NAPD On February 13, 2007 (02/14/07)

On February 13, 2007, the COD System reduced the Federal Pell Grant (Pell Grant) 2006-2007 Award Year Current Funding Level (CFL) to the Net Accepted and Posted Disbursements (NAPD) for schools that had a CFL greater than their NAPD. As noted in the warning message that we sent to affected schools on January 30, 2007, this action was taken because the majority of disbursements for the 2006-2007 Award Year should have already been submitted to the COD System for processing. This reduction affected approximately 1,500 schools.

A school affected by the February 13, 2007 Pell Grant CFL reduction to NAPD will—

- Receive a text message (PGTX07OP Message Class) in the school’s Student Aid Internet Gateway (SAIG) mailbox notifying the school of the reduction;
- Receive a new Electronic Statement of Account (ESOA) that reflects the reduction; and
- See a change in the school's Pell Grant CFL that reflects the reduction.

If an affected school has additional 2006-2007 disbursements to submit to the COD System, it should do so as soon as possible. As a reminder, a school must set the Disbursement Release Indicator (DRI) tag to “true” in order to fund an actual Pell Grant disbursement; this does not happen automatically. Upon acceptance of the disbursements, the school’s 2006-2007 Pell Grant CFL will be increased.

Note: An affected school that has drawn down funds in the Grant Administration and Payment System (GAPS) but that has not submitted the applicable disbursements to the COD System may be in an excess cash situation and must rectify the situation as soon as possible.

If you have any questions regarding the 2006-2007 Pell Grant CFL reduction to NAPD, contact the COD School Relations Center.

SAIG Mailbox Lockout Procedure Change (02/12/07)

Federal Student Aid has posted an Electronic Announcement on the [IFAP Web site](#) informing schools of a change in security procedures to the Student Aid Internet Gateway (SAIG)/EDconnect network invalid password lock-out procedure.

Common Origination and Disbursement COD Processing Update

ACG, National SMART Grant, and Pell Grant Programs

The SAIG system will continue to lock user mailboxes after three consecutive incorrect login attempts, but instead of requiring users to contact CPS/SAIG Technical Support to have their mailboxes unlocked, the SAIG system will now automatically clear all locks after 30 minutes.

This change will enable users to correct their mailbox (network) passwords in EDconnect and TDClient/EAClient, or to locate and enter the correct password for the SAIG Portal (<http://SAIGportal.ed.gov>), and try again without having to contact CPS/SAIG Technical Support. CPS/SAIG Technical Support will still be available to reset mailbox passwords if necessary.

This change is effective immediately and applies to all participants accessing data on the SAIG system.

If you have any questions about this information, contact CPS/SAIG Technical Support at 800/330-5947 (TDD/TTY 800/511-5806), or by e-mail at CPSSAIG@ed.gov.

Reports And Data Requests

This section contains important notices regarding reports and/or data requests. While we encourage you to review this section, note that some schools may not be impacted by the information presented below.

- Pell Year-to-Date (YTD) Records—

The YTD Record can be used to assist a school with its year-end and ongoing reconciliation processes. Schools also use the YTD Record for the purpose of rebuilding a complete student record or Pell Grant database.

- For rebuilds for the 2005-2006 and 2006-2007 Award Year, the school can submit the data request via the COD Web site or batch.
- For rebuilds for the 2004-2005 and earlier award years, the school must contact the COD School Relations Center by e-mail to CODSupport@acs-inc.com. The school should include "Pell YTD" in the subject line. If a school is unable to e-mail its request, it can contact the COD School Relations Center by phone.
