TEACH Grant Operational Implementation Guidance – COD System Implementation and Guidance Summary [07/01/08 (Updated 10/03/08)]

The College Cost Reduction and Access Act (the CCRAA), Pub. L. 110-84, authorized the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program for implementation beginning with the 2008-2009 Award Year. The TEACH Grant Program provides up to \$4,000 a year in grant assistance to a student who agrees to serve for at least four years as a full-time teacher in a high-need field in a public or private elementary or secondary school that serves students from low-income families. A TEACH Grant recipient who does not complete the required teaching within a specified timeframe, or fails to meet certain other requirements of the TEACH Grant Program, will be required to repay the TEACH Grant as a Direct Unsubsidized Loan under the William D. Ford Federal Direct Loan Program.

During the period June 27-28, 2008, Federal Student Aid implemented COD System functionality that supports the processing of TEACH Grant awards for the 2008-2009 and subsequent award years. This functionality included implementation of the [TEACH Grant Agreement to Serve \(ATS\) Web site](#). During the period September 26-27, 2008, Federal Student Aid implemented COD System functionality that supports TEACH Grant reporting functions.

TEACH Grant – Institutional Participation Request Process Information (11/14/08)

On June 3, 2008, the Department of Education posted [Dear Colleague Letter GEN-08-07 on the Information for Financial Aid Professionals \(IFAP\) Web site](#). This Dear Colleague Letter clarifies how an institution will establish eligibility to participate in the TEACH Grant Program.

For complete information about the Institutional Participation Request Process, refer to [Dear Colleague Letter GEN-08-07](#).

- Questions about the issues discussed in the letter should be directed to Gail McLarnon by e-mail at gail.mclarnon@ed.gov or by phone at 202/219-7048.
- Questions about the participation request process should be directed to the School Participation Team for a school's state. Contact information is available on the [Electronic Application for Approval to Participate in Federal Student Financial Aid Programs \(E-App\) Web site](#).

Participation Request Process Steps – As outlined in the 10-step participation request process included in [Dear Colleague Letter GEN-08-07](#), a school must complete Question 1, enter specified language in Section K/Question 69, and complete Section L via the [E-App Web site](#). After completing these steps, the school must mail its signed and dated signature page to the Department of Education (the Department) per the instructions provided on the “Submit Application” page. To aid in expediting receipt of the school’s signature page by the Department, the school may want to use an overnight delivery method.

Participation Request Process Follow Up – If a school does not receive a response regarding its request to participate in the TEACH Grant Program within two weeks of submitting the request, the school should contact the School Participation Team for the school's state. Contact information is available on the [E-App Web site](#).

School Addition to ATS Web Site – Once a school is determined to be eligible to participate in the TEACH Grant Program, the school's name will be added to the TEACH Grant Agreement to Serve (ATS) Web site. As a general rule, Federal Student Aid will update the TEACH Grant ATS Web site on the Tuesday or Thursday most closely following notification of the school's eligibility. If a school has questions about the TEACH Grant ATS Web site, it should contact the COD School Relations Center.

Reports and Data Requests

This section contains important notices regarding reports and/or data requests. While we encourage you to review this section, note that some schools may not be impacted by the information presented below.

RESOLVED – Multiple Issues With 2008-2009 ACG, National SMART Grant, and Pell Grant MRRs [10/10/08 (Updated 12/23/08)]

On September 12, 2008, Federal Student Aid identified a format issue with 2008-2009 Multiple Reporting Records (MRRs) for the Academic Competitiveness Grant (ACG), Federal Pell Grant (Pell Grant), and National Science and Mathematics Access to Retain Talent Grant (National SMART Grant) programs that were sent to schools’ Student Aid Internet Gateway (SAIG) mailboxes since March 16, 2008. These reports were either automatically generated by the COD System or were requested by a school via the [COD Web site](#) or batch data request.

Through its work to resolve the issue that was identified initially, Federal Student Aid identified other issues with the 2008-2009 ACG MRR (AGMR09OP), National SMART Grant MRR (SGMR09OP), Pell Grant MRR (PGMR09OP) and the 2007-2008 ACG MRR (AGMR08OP), National SMART Grant MRR (SGMR08OP), and Pell Grant MRR (PGMR08OP). None of the issues identified to date impact a school’s ability to import the affected reports.

Federal Student Aid has completed its work and implemented code fixes to resolve the issues with the various 2008-2009 and 2007-2008 reports. If needed, a school can now request corrected reports via the [COD Web site](#) or batch data request.

Federal Student Aid apologizes for the inconvenience caused by these issues. If you have questions about these issues, or experience issues with any COD reports, contact the COD School Relations Center.
