**Fiscal Year 2002 Reasonability Findings  
Technical Update GA-2003-01  
July 24, 2003**

*This information is intended for the person in your organization who is responsible for working with NSLDS. If that is not you, please forward this update to the appropriate person.*

**Comparing NSLDS Data to the Guaranty Agency Financial Report (ED Form 2000)**

This technical update is a comprehensive distribution of reasonability findings on selected annual items between the Guaranty Agency Financial Report (GAFR) for FY 2002 and data resident on NSLDS at the time of calculation for each respective period.

This update includes the following attachments:

- **Attachment A—Guaranty Agency Financial Report (ED Form 2000) Comparison to NSLDS Data for Fiscal Year 2002 (10/1/01 to 9/30/02)**

For easy reference, the GAFR line items are listed in the comparison. The Department of Education's (ED) Financial Management Division, Financial Partners, provided NSLDS with the GAFR fiscal year reports by agency.

- **Attachment B—ED Form 2000 Comparison to NSLDS Data All GA Summary**

This is a compilation of GAFR and NSLDS totals for active guaranty agencies. This worksheet also lists the guaranty agency-wide differences and percent differences for FY 2002.

Both reasonability reports, as provided in Attachments A and B, include the following information:

- The *Amount from GAFR As Per ED* column represents the ED reported value for the line item.
- The *Amount from NSLDS* column represents the NSLDS-calculated value for the line item.
- The *Amount Difference* column presents the line item difference between the NSLDS-calculated value and the ED-calculated value based on GA reporting.

- The *Percent Difference* column gives a percentage value to the line item difference between ED values and NSLDS data.
- The *Percent Difference All GA* column represents the average line item difference for all active guaranty agencies, so that each agency will have a perspective on these differences.

*Note:* If your agency is currently working with ED to modify or correct your financial reports, those changes may not be reflected in this comparison.

- **Attachment C—NSLDS Annual Reasonability Computation Worksheet**

This worksheet details NSLDS methods for calculating each line item. The first column provides the ED GAFR line item for the comparison. The second and third columns provide NSLDS source attributes from the DPI (Data Provider Instructions) used in the calculation and a description of the computation logic for that line item.

## **FY 2002 Reasonability Schedule**

The schedule listed below provides the dates when quarterly and annual components of the reasonability calculation took place for FY 2002. Data received prior to these dates were included in the reasonability calculations according to the logic provided in the computation worksheet.

<b>Period</b>	<b>Frequency</b>	<b>NSLDS Run Date</b>
10-01-2001 to 12-31-2001	Quarterly (Part A)	03-03-2002
01-01-2002 to 03-31-2002	Quarterly (Part A)	01-16-2003
04-01-2002 to 06-30-2002	Quarterly (Part A)	01-23-2003
07-01-2002 to 09-30-2002	Quarterly (Part A)	01-25-2003
10-01-2001 to 09-30-2002	Annual (Part E)	12-14-2002

## **Accessing Back-up Data and Corresponding File Layouts**

The file layouts for both the quarterly and annually calculated items can be found on the IFAP website: [www.ifap.ed.gov](http://www.ifap.ed.gov). Under Online References section, select NSLDS Reference Materials and then select NSLDS Guaranty Agency (GA) Technical Updates. GA Technical Update GA-2002-02 Appendices D and E provide the file layouts.

For quarterly calculated items (AR-1–AR-11), you have the option of requesting all data or the following categories: Guarantees, Cancellations, Transfers In or Out, Insurance Claim Payments, Insurance Claim Refunds, or Repurchases (the last three are all needed to get backup detail for any claim type). For the annually calculated items (AR-12 and AR-13), you can request Paid in Full and/or Interim Loan Activity.

*To order backup data or if you have any questions,  
please contact the NSLDS Customer Service Center at

AR-1	Amount of Guaranty Date of Guaranty Type of Loan Code for Guaranty Agency	<p>Sum of the following:</p> <p>(1) <i>Reporting period (Current Period) Activity</i> For each GA, for each Type of Loan, excluding consolidations, for the reporting period (QTR), accumulate the Amount of Guaranty when the Date of Guaranty is within the reporting period and the GA has responsibility for the loan on the Date of Guaranty.</p> <p>(2) <i>Late Reported Activity (Adjustments)</i> For each GA, for each Type of Loan for any prior period, accumulate the Amount of Guaranty (or change in Amount of Guaranty if reported to NSLDS in prior period/s) when the Date of Guaranty is within any prior reporting period and the GA has responsibility for the loan on the Date of Guaranty, but the loan has been reported to NSLDS in the current reporting period. This includes late reporting, first-time reporting, and changes to Guaranty Amount.</p>
AR-2	Amount of Cancellation Date of Cancellation Type of Loan Code for Guaranty Agency	<p>Sum of the following:</p> <p>(1) <i>Reporting period (Current Period) Activity</i> For each GA, for each Type of Loan for the reporting period (QTR), accumulate the Amount of Cancellation when the Date of Cancellation is within the reporting period and the GA has responsibility for the loan on the date of cancellation.</p> <p>(2) <i>Late Reported Activity (Adjustments)</i> For each GA, for each Type of Loan for the reporting period (QTR), accumulate the Amount of Cancellation when the Date of Cancellation is within the prior reporting period and the GA has responsibility for the loan on the date of cancellation, but the loan cancellation has been reported to NSLDS in the current reporting period. This includes late reporting, first-time reporting, and changes to Cancellation Amount.</p>

AR-6	Amount of Guaranty Date of Guaranty Date Loan Guaranty Transferred Type of Loan Code for Guaranty Agency	<p>Sum of the following:</p> <p>(1) <i>Reporting period (Current Period) Activity</i>            For each GA, for each Type of Loan for the reporting period (QTR), accumulate the Amount of Guaranty when the Date of Guaranty Transfer (by initial GA) is within the reporting period and the (Receiving) GA has responsibility for the loan during the reporting period.</p> <p>(2) <i>Late Reported Activity (Adjustments)</i>            For each GA, for each Type of Loan for any prior period, accumulate the Amount of Guaranty (or change in Amount of Guaranty if reported to NSLDS in prior period/s) when the Date of Guaranty Transfer (by initial GA) is within any prior reporting period and the Receiving GA has responsibility for the loan within prior reporting period, but the loan has been reported to NSLDS in the current reporting period. This includes late reporting, first-time reporting, and changes to Guaranty Amount.</p> <p>The Date Loan Guaranty Transferred reported by Receiving GA becomes Responsible Begin Date for the receiving GA in the NSLDS database. That date also becomes Responsible End Date for the Transferring GA. Hence, the above computation is implemented as follows.</p> <p>For each GA, for each Type of Loan for the reporting period (QTR), accumulate the Amount of Guaranty when the Date of Guaranty is NOT within the Responsible Begin and Responsible End Date of GA and the GA has responsibility for the loan during the reporting period. This ensures exclusion of loans originated by the GA in the Guaranty Transferred in Amount.</p> <p>Clarification: If a loan is transferred in to a GA and also transferred out from the same GA in the same reporting period then it gets counted in both (a) Guarantees Transferred in and (b) Guarantees Transferred Out Amount. It will also get included in Guarantees Transferred in for the subsequent GA receiving the loan in the same period.</p>

This includes late reporting, first-time reporting, and changes to Guaranty Amount.</p> <p>The Date Loan Guaranty Transferred reported by Receiving GA becomes Responsible Begin Date for the receiving GA in the NSLDS database. That date also becomes Responsible End Date for the Transferring GA. Hence, the above computation is implemented as follows.</p> <p>For each GA, for each Type of Loan for the reporting period (QTR), accumulate the Amount of Guaranty when Responsible End Date of GA is within the reporting period and the receiving organization is not ED Debt Collections or Transitional Guaranty Agency—ECMC (Codes 555 and 927, respectively).</p>
