GA Deletion (SECUP1)

October 19, 2008

1.0 NSLDS GA Deletion Extract File Layout (SECUP1)

The *GA Deletion Report* (SECUP1) provides ED and the Guaranty Agency PDPA a list of the GA online update users that have deleted loans and the number and dates of those deletions. Sort options include User ID, Number of Loans Deleted, and Last Name/First Name.

This section contains extract file layouts that list the header, details, and trailer records for the extract version of the report. Each online extract request is used to generate one header record, one or more detail records, and one trailer record. Each record layout table contains the position, the data element name, description, field format, and length.
