A
ADMINISTRATIVE COST ALLOWANCE (ACA) - A dollar figure the federal government allots an institution to offset the cost of administering a Title IV program. For the Campus-Based Program, the maximum amount permissible is up to 5 percent of the sum of the loans advanced in Perkins, the total earned compensation in FWS, and the total awards to recipients in FSEOG. The ACA is claimed out of funds available in any or all of the Campus-Based awards for expenditures in any or all of the Campus-Based Programs during an award year.

ALLOCATION - A specific sum of money awarded for an institution to use during a specific period. Campus-based funds (Federal Supplemental Educational Opportunity Grant, Federal Work-Study, and Federal Perkins Loan) are allocated to an institution on an award-year basis. Allocation may also be referred to as obligation, award authorization, grant authorization, or Document Number. See [DEOBLIGATION](#) and [SUPPLEMENTAL ALLOCATION](#).

APPROPRIATION - At the federal level, a Congressional legislative act allocating a specific amount of public funds to be spent for a specific purpose during a fiscal or award year. The dollar amount appropriated may be equal to or less than (but not more than) the total amount permissible under the authorizing statute. An appropriation bill originates in the House of Representatives. General appropriation acts are supposed to be approved by both houses of Congress by the seventh day after Labor Day before the start of the fiscal year to which they apply. Continuing resolutions allocate funds for expenditures when the appropriations bill for the new fiscal year has not been enacted.

ASSIGNMENT - A school's transfer of a defaulted National Defense Student Loan, National Direct Student Loan, or Federal Perkins Loan to ED for collection. Once ED accepts a loan, it acquires all rights, title, and interest on the assigned loan. In certain cases, guaranty agencies also assign defaulted loans under the FFEL Program to ED.

AUTHORIZATION (LEGISLATIVE) - At the federal level, a Congressional legislative act that establishes a program, specifies its general purpose and conduct, and unless open-ended, sets a ceiling for the dollar amount that can be used to finance it. An authorization must be enacted before dollar amounts can be appropriated for program spending. The authorizing legislation for the Campus-Based Programs is Title IV of the Higher Education Act of 1965, as amended. See [HIGHER EDUCATION ACT \(HEA\) OF 1965, AS AMENDED](#).

AWARD YEAR - The time period from July 1 of one year through June 30 of the following year for which financial aid awards are made. The award year differs from the federal fiscal year.
