## Overview

All message classes are named from the user perspective.

- The first four characters of the message class identify the type of data.
- The two numbers that follow refer to the cycle year.
- Files that are exported from EDEExpress are assigned the letters “IN” after the message class.
- Files that are imported into EDEExpress are assigned the letters “OP” after the message class.

EDEExpress Pell Grant, EDEExpress Direct Loan, and COD message classes are provided in this section.
