

# Sample Master Promissory Notes and Communications

---

Some schools may be interested in sample Master Promissory Notes (MPNs). Below we provide those sample documents. Schools that use only paper MPNs may also:

- Print a blank MPN from the [Common Origination and Disbursement \(COD\) Web Site's](#) Services page.
- Direct the borrower to print a blank MPN from the [StudentLoans.gov website](#).
- Produce or program the entire form. Schools that create their own MPN must submit a copy of the school-produced version to FSA for testing to ensure that it can be processed.

For detailed information about paper MPN testing and paper MPN processing, refer to the [Volume II, Section 1 of the COD Technical Reference: Implementation Guide](#).
