Step-by-Step Guide to Using eZ-Audit For Not-for-profit Schools

eZ-Audit Overview

What is eZ-Audit?
eZ-Audit is a web based paperless single point of submission for financial statements and compliance audits. A designee from your school simply signs on to eZ-Audit, enters summary audit and financial data directly from your report into a web form, attaches an electronic version of the report, and hits the submit button. Your submission through eZ-Audit will allow for more rapid and efficient processing by the Department of Education (ED) and therefore provide you with immediate feedback.

How does eZ-Audit work?
1. Your school submits its compliance audit data and summary financial data via an internet web form (follow this manual for complete instructions).
2. Your school also attaches an electronic copy of your financial statement and compliance audit in a non-editable pdf format (using Adobe Acrobat).
3. The eZ-Audit system automatically forwards flagged financials and deficient audits to FSA’s Case Management Team for resolution.
4. Case Teams communicate with you to reach resolution.
5. As desired, you can periodically check eZ-Audit for the status of your report.

How does eZ-Audit Benefit You?
• You will receive instant acknowledgement of receipt – no more lost reports!
• You will no longer need to make any copies or send reports in the mail to ED.
• Processing times will be greatly reduced, thus allowing for quicker remediation of findings.
• Web forms will contain pre-populated fields.
• There are no new reporting requirements – data entry will be limited to the same data already contained in the reports.
• The time spent submitting these forms should be less than 1 hour.
• Status of your submissions will be accessible to you online at anytime.
• A Help Desk will be available for assistance at 1-877-263-0780, Monday – Friday, 9 a.m. – 5 p.m. EST

Who at my school will use eZ-Audit?
• eZ-Audit Institution/School Administrator, selected by your school, is responsible for:
  o Registering your school with eZ-Audit
  o Providing/managing access to data entry and submission approval personnel, as identified by your school
  o Maintaining security information regarding schools users as required
• eZ-Audit Data Entry Users, selected by your school, are responsible for:
  o Entering data into the eZ-Audit system
  o Attaching non-editable, pdf files of financial statements and compliance audits
• eZ-Audit Submission Approvers, selected by your school, are responsible for:
  o Reviewing the submission prior to “submit”
  o Approving the submission via the “submit” action

What role should my auditor play in eZ-Audit?

March 2004
Step-by-Step Guide to Using eZ-Audit For Not-for-profit Schools

You may choose to ask your auditor to serve as a Data Entry User of eZ-Audit. This means that your auditor would complete the fields in the system, and attach the audited documents in the non-editable PDF format. It your auditor is not selected as a Data Entry User, you may request that your auditor electronically sends you your financial statements and compliance audits in the non-editable PDF format using Adobe Acrobat.

Please note that the PDF files containing your financial statements and compliance audits will be included as attachments to your eZ-Audit submission – all signature pages in the financial statements and compliance audits, as well as the school’s corrective action plan, must be scanned.

eZ-Audit Technical Requirements

eZ-Audit is a web-based application. This means you will not need to load a new application on your computer. You will simply need to ensure that you have an Internet browser – either Netscape 4.76 or 6.2 or Internet Explorer 5.0 or higher.

If you receive an error that does not allow you to access eZ-Audit when you type in the URL from your internet browser, please contact your network administrator and request that he/she do one of the following:

- Open your firewall to allow all 165.224.xxx.xxx addresses through, which would allow your school access to all ed.gov sites
- Conduct an nslookup on ezaudit.ed.gov which will allow your school access to eZ-Audit

eZ-Audit requires you to attach a non-editable pdf version of your annual submissions. Adobe Acrobat must be used to create this attachment. You have several options for obtaining Adobe Acrobat:

- Purchase Adobe Acrobat 5.0 software that will allow you to scan paper copies of your submissions and convert them to PDF. (The retail cost of the software is approximately $250)
- Convert an electronic version of your submission (word, excel, etc) to pdf format using www.adobe.com online. (Adobe provides this conversion capability for $9.99 for one month with unlimited use.)
- Bring paper copies of your submissions to your local copying center (Kinkos, etc.) and request that they create a pdf version of your submission. (The cost of this option will vary, however $30 - $50 is a reasonable estimate.)
- For more information please refer to “Creating a PDF” located on the eZ-Audit website welcome page.

School Group Submissions

ED considers a school group as one A-133 report submission for multiple OPE IDs. For example, the State of Louisiana submits one state-wide audit financial report and A-133 audit report for all the state schools in Louisiana. Another example would be a nursing program with a separate OPEID included in the A-133 of a university.

When more than one OPEID is covered in an A-133 audit, ED considers this to be a school group, e.g., if a State submits a state-wide A-133 audit covering all of the state universities, each with a different OPEID.

The school group should designate one of the OPEIDs as the submitting institution. The submitting institution registers with the eZ-Audit and does the submission for all of the schools in the school group. As part of the eZ-Audit submission, the submitting institution has to complete the Compliance Audit Information page. This should be done only once, covering all of the schools in the school group. In answering the questions on the page, the submitting institution should answer “Yes” if the condition applies to any of the schools.
For example, if any of the schools participates in FFEL programs, the answer for the school group would be ‘Yes’. If the information populated in the application is incorrect or should you require additional assistance, please contact eZ-Audit at 1-877-263-0780 or by email at fsaezaudit@ed.gov
eZ-Audit Submission Requirements
Effective June 16, 2003, all Title IV participating schools are required to submit audited financial statements and compliance audits electronically, via eZ-Audit, to the Department of Education. (Please see May 16, 2003 Federal Register)

NOTE: OMB still requires submissions of A-133 reports (public and not-for-profit institutions) to be sent to the Federal Audit Clearinghouse.

When must an institution submit financial statements and/or compliance audit?

➢ All participating institutions must submit financial statements and compliance audits annually. (34 CFR 668.23 and OMB Circular A-133)
  o Not-for-profit institutions’ financial statements and compliance audits are due nine months after the end of the fiscal year (OMB Circular A-133).

**If your institution expends less than $300,00 in Federal funds (less than $500,000 for fiscal years ending after December 31, 2003), you are not required to submit a compliance audit. You must submit an Exemption/ Request to the Department for the compliance portion of the A-133 report. (See Waiver and Exemption Request).

➢ If you are seeking initial participation in the Title IV Program.
  o Please note that an Application for Approval to Participate in Federal Student Aid Programs (www.eligcert.ed.gov) should be filed at the time of your submission.

➢ If you undergo a change in ownership, merger or change in structure.
  o Please note that an Application for Approval to Participate in Federal Student Aid Programs (www.eligcert.ed.gov) should be filed at the time of your submission.

**If you have submitted a pre-acquisition application, do not submit day-one balance sheet via eZ-Audit until the actual change in ownership has occurred. The day-one balance sheet is due on the date in which Temporary Program Participation Agreement (PPA) expires. (See Merger/Change in Ownership)

➢ If you wish to be reinstated to participate in Title IV program(s).
  o Please note that an Application for Approval to Participate in Federal Student Aid Programs (www.eligcert.ed.gov) should be filed at the time of your submission.

Step-by-Step Guide to Using eZ-Audit For Not-for-profit Schools

You may decide to send FSA information, including personally identifying information. The information you supply – whether through a secure Web form, a standard Web form, or by sending an electronic mail message – is maintained by FSA for the purpose of processing your request or inquiry. Various employees of FSA may see the information you submit in the course of their official duties. The information may also be shared by FSA with third parties to advance the purpose for which you provide the information, including other federal or state government agencies. For example, if you file a complaint, it may be sent to a financial institution for action, or information may be supplied to the Department of Justice in the event it appears that federal criminal statutes have been violated by an entity you are reporting to FSA.

The primary use of personally identifying information will be to enable the government to contact you in the event we have questions regarding the information you have reported. If you are concerned about how information about you may have been used in connection with the eZ-Audit web site, or you have questions about FSA’s privacy policy and information practices, you should e-mail us at webmaster@fsa.ed.gov. Electronic mail is not necessarily secure. You are advised to be cautious when sending electronic mail containing sensitive, confidential information. As an alternative, we advise users to give consideration to using postal mail.

NOTE All eZ-Audit users are required to carefully read and sign the eZ-Audit Rules of Behavior document that can be accessed at via the web at http://ifap.ed.gov (Go to Publications, Audit Guidance). Each user of the eZ-Audit system must download a copy of the Rules of Behavior document, sign it and retain the copy in the institution’s files.

Rules of Behavior

eZ-Audit System Rules of Behavior
Statement of Acceptance of User Responsibility

For Official, Approved Use Only – the eZ-Audit system is funded by the Government to support various programmatic efforts needed to accomplish the FSA mission. As such, these resources are to be used only for official Government business. Users should remember that when they use the eZ-Audit system, they are acting in their employment capacity on behalf of ED. Unless approved in writing by management, any activity outside that employment capacity, or which could bring harm or embarrassment to ED/FSA must be avoided.

Privacy Expectations – All users are cautioned that, in general, computers, networks, and information systems are not “private.” Users should have no expectation of privacy when using computing resources. E-mail sent via the eZ-Audit system may bear site-specific identifiers in the address (name@ed.gov). As such, regardless of disclaimers, users employing ED/FSA e-mail are representing the site and ED/FSA and must act accordingly.

Monitoring of Computing Resources – Activities on ED/FSA systems and networks are subject to monitoring, recording, and periodic audits to ensure that the resources are functioning properly and to protect against unauthorized use. The System Administrator may access any user’s computer system or data communications and disclose information obtained through such auditing to appropriate third parties, e.g., law enforcement personnel. Use of ED/FSA computing resources implies consent by the user to such monitoring, recording, and auditing.

Violations – It is critical that all users adhere to ED/FSA computer policies and accepted user principles regarding appropriate use. Violations of these principles or policies may lead to disciplinary action, possibly including termination of funding and/or employment. Designated administrators or other authorized personnel will evaluate and determine the degree of violation and appropriate disciplinary action.

Manager/Administrator Responsibilities – Management personnel will lead in applying these user principles. Managers are responsible for implementing these accepted user principles in their organization and will be accountable for ensuring that users are aware of and acknowledge their responsibilities.

Accepted User Principles:
Users’ access to computing resources indicates a level of trust bestowed upon them by their management and ultimately by ED. Users are responsible for their actions and must be aware of and acknowledge their responsibilities.

At a minimum all users are responsible for these principles:

- Ensuring that the eZ-Audit system is used only for official Government business.
- Knowing who their site computer security personnel are and how they can be contacted.
- Ensuring that the eZ-Audit system is used in compliance with Title IV program participation agreements and other applicable regulatory requirements to ensure program integrity.
Protecting the information users are processing from access by, or disclosure to, unauthorized personnel.

Immediately reporting all security incidents and potential threats and vulnerabilities involving computing resources to designated computer security personnel.

Protecting authenticators, such as passwords.

Reporting any compromise or suspected compromise of a password to designated computer security personnel.

Accessing only systems, networks, data, control information, and software for which they are authorized.

Ensuring that system media and system outputs are marked according to their sensitivity and are properly controlled and stored.

Knowing required storage sanitizing procedures (e.g., overwriting disks that contain sensitive data prior to reuse).

Avoiding the introduction of malicious code into any computing resource.

Preventing physical damage to the system.

Notifying management before relocating computing resources.

Ensuring that the work area is secured at all times and not duplicated.

Following procedures for signing out sensitive application documentation when removing these documents from the library and ensuring that sensitive information is not removed from the work area.

Not removing equipment or storage media from the work area without prior written authorization from the designated systems administrators, security officer or other authorized personnel.
