

# Change History Table

The Change History table is updated each time the EDE Technical Reference is modified, providing you with a cumulative list of revisions made to the document.

When the EDE Technical Reference is modified after the initial release, the footer is updated to include the revised date. For example, if a change is made to page 4-54 in July 2019, the footer on that page will show “Rev. 7/19.”

Date	Page	Changes/Notes
5/19		Spring release of the EDE Technical Reference, including Sections 3 (Record Layouts) and 4 (Processing Codes)
