

## **Technical Update PK–2019-01**

**October 16, 2019**

### **New Deferment Type Code for Cancer Treatment**

*This information is intended for the person in your organization who is responsible for working with the National Student Loan Data System (NSLDS®). Please ensure that the appropriate person receives this update.*

#### **Introduction**

The purpose of this technical update is to notify the Federal Perkins Loan (Perkins Loan) community— schools and their servicers—of a new deferment type code to report Cancer Treatment Deferments. As described in the [August 22, 2019 Electronic Announcement](#), the Department of Education Appropriations Act, 2019, Title III of Pub.L. 115-245 created a new Cancer Treatment Deferment for borrowers in the William D. Ford Federal Direct Loan (Direct Loan), the Federal Family Education Loan (FFEL), and the Perkins Loan programs.

#### **New Deferment Type code – Cancer Treatment ‘CD’**

Schools and their servicers may report Cancer Treatment Deferments for eligible Perkins Loans. NSLDS accepts ‘CD’ as the code for schools to report the new loan deferment type via Student Aid Internet Gateway (SAIG) batch submittal and online spreadsheet submittal on the [NSLDS Professional Access](#) website. The updated Deferment Type Codes (Table B-5) and Deferment Type Usage Code (Table B-6) pages of the Perkins Data Provider Instructions (DPI) are attached.
